

Dear Mrs Gill,

Class 6 Excellence (2014) with Mr Kevin Ng - This photo was taken this afternoon.

Based on my kid (Xavier's feedback, 3rd standing from the left, dark blue T-shirt, Swiss) among with his cohort; Mr Ng's teaching has the greatest impact to the interest and exposure to Math and Science. This is a consensus among his class of 6E, even after 2 years graduating from Unity Primary.

Thereby, I hope the Unity Leadership Team can find a way to recognize this effort and continue to support Mr Ng's initiatives and effort in this area of teaching and the learning advancement of our students; e.g. an award or best teacher, etc.

On this note, I will like to officially nominate Mr Kevin Ng for this achievement.

Please let me know the necessary arrangement in which I can write or propose.

Thank you for the necessary actions.

Regards,
William Lee

Dear Mrs Gill,

With Teachers' Day coming up this week, I feel it timely for me to express my heartfelt gratitude and respect to all the staff in the UPS (Unity Primary School) family.

My children has been with UPS for some years now. Over the years, I've had both direct and indirect (such as through forms and through my children) interactions with various members of the UPS family. Whatever the occasion or event, I've always been impressed by the intensity and dedication displayed by everyone. I always feel that everyone at UPS genuinely cares.

This dedication and care is witnessed at both the personal level and as a school as a whole.

On the personal level, teachers give special attention to students individually whenever the need arises. I know this to be true not only because my children received such individual attention, but also because I've heard of episodes from other parents. The teachers showed through their actions that every child is important at UPS.

As a school, the cohesiveness of the teachers cannot be surpassed. I recall an event organised by the school. The venue for the event was nicely set-up. Unfortunately, sudden weather changes made it necessary for the venue to be changed just before the event started. I witnessed how everyone sprung into action to move the setup to another part of the premises. It was a logistical nightmare but the staff performed a miracle. The event went on and ended on a successful note.

Years ago when I enrolled my first child into UPS, I made the decision out of convenience. Should I get to choose today, I will still send my children to UPS. Except that today's will be an informed, deliberate decision made with conviction that I'm sending my children to a great school.

To everyone at UPS, I wish you Happy Teachers' Day!

Respectfully,
Teck Liang

PS: I'm also posting the above on the Compliments page in MOE's website.

Dear Ms Cheng,

We, parents of Gladys Chua from 6 Courage would like to express our gratitude to you with a heartfelt thank you note.

We truly appreciate your personal commitment to your students and creating an environment of enthusiasm for learning and extra effort to help them grow. Your way of teaching means a lot to Gladys. She is now more confident and always came home with a smile on her face. Thank you for directed her to trust herself in all that she do and to become all that she dreams.

I'm sure teachers hear complaints from time to time but we wanted you to know that we are certainly singing your praises. Thank you so much for your dedication.

Yours sincerely,
Yvonne kwek
For Chua family

Dear Madam Ng,

I am writing you this letter of appreciation to thank you for the dedication & efforts you took in teaching Year 2015 Mother Tongue class P3L6, in which my son, Xavier Lian Hee Jee, was in.

The time you dedicated in creating a group chat to keep all parents regularly updated and involved are highly appreciated, and I am sure many parents agree with me. This made us parents become more aware of our child's progress in class, and to synchronize our paces with you in helping them better the subject. Your constant encouragement to my child when he did well in his tests/examinations also boosted his confidence & motivation. Without all these, Xavier will not be able to improve his grades in Chinese.

I am happy to share you with that Xavier has jumped from last year's 6th class to the this year's 2nd class.

Once again, thank you so much for your dedication as a wonderful educator.

Yours sincerely,
Dawn Wong
